PENNSYLVANIA PARKS & RECREATION

**Certified
Playground
Safety Inspector**

ARE YOUR PLAYGROUNDS SAFE?

According to the Consumer Products Safety Commission, 200,000 children are treated annually for playground accidents. Of these, 70 percent, or 140,000, occurred at public parks and schoolyards.

About the Course

Sponsored by the NRPA and hosted by the Pennsylvania Recreation & Park Society, this course is the most comprehensive training program on playground hazard identification and risk management methods offered. Advanced reading and ten hours of training will prepare you to sit for the Certified Playground Safety Inspector (CPSI) Exam, scheduled at the culmination of the certification course.

The CPSI Course trains individuals to identify hazards on public playgrounds and playground equipment, how to rank hazards according to injury potential, and how to apply that knowledge and establish a playground safety program.

The course covers the material necessary to pass the Certified Playground Safety Inspector certification exam.

Upon completion of the CPSI course an individual should be capable of establishing a sound risk reduction program, establish a system repair, retrofit, and removal of hazardous equipment, and establish a routine inspection system for their agency or playground owner-client.

Resource materials developed especially for this course are included in the registration fee and will be mailed to all participants who pre-register.

What is Included?

CPSI instructors have diverse backgrounds in playground safety consultation, manufacturing, installation and education. CPSI instructors are consistently rated as excellent by students.

GENERAL INFORMATION

Online Exam Option

The option to take the CPSI exam via computer-based testing is available through NRPA. To obtain additional information, please visit www.nrpa.org under "CPSI."

Registration Deadline

Please register at least 30 days prior to the course. NRPA does not recommend taking the exam without thoroughly reading the materials. In some cases, studying for the course in less than 3 weeks leads to exam failure. No walk-ins are allowed for the course or exam.

Age and Education Requirement

Candidates sitting for the CPSI Certification examination must be 18 or older and have a high school degree or equivalent. Your legal identification will be verified upon entry into the examination site.

Class size

The minimum course size is 40; the maximum is 80. Registration is on a first come, first served basis.

Certification

The certification exam will be given on day 3. Certification is valid for 3 years and is renewable by exam. Those passing the exam will be added to a National Registry of Certified Playground Safety Inspectors.

Special Accommodations

In order to properly accommodate all persons with disabilities it is recommended that all requests come in writing no less than 30 days prior to the course and exam.

CANCELLATION POLICY

Cancellations made after shipment of course materials are subject to a \$250 fee. On or after November 8, 2017, an additional \$50 cancellation fee will apply. No refunds will be made for cancellations after November 16, 2017. All cancellation requests must be made in writing to PRPS. For questions, please contact the PRPS Office at (814) 234-4272 or email prpsinfo@prps.org.
