This link states that for child care center: When feasible, staff members and older children should wear face coverings within the facility. Cloth face coverings should NOT be put on babies and children under age two because of the danger of suffocation.

John HrebikOwner : Allentown will not operate their 8 week summer playground program at 18 sites which affects 1000 children. Too many uncertainties, restrictions, and liabilities. Also the pools do not look good because being in the Red now and Allentown needs to find about 7 million dollars due to lost earned income tax. No sports leagues or large basketball tournaments either. Lots of walking that’s about it.

BK : Perhaps themed birthday party rundowns would be easy to adapt to "day camp" programming - document with some idea links attached

Rebecca at Smith Playground : I am saying that smith is doing a play is not cancelled series

We are trying to give families activities using materials they can find in their homes and using small groups

at Smith Playground: we are also trying to get a more comprehensive play maps for the park to give people ideas of where to go and go 'old school' in terms of the types of activities they can do

What are folks doing for consequences if folks don't follow the regulation

Camila Rivera-Tinsley: Parks Conservancy has a mindfulness and meditation map for folks to use in parks
