Wildlife Biology, AS, BS, and MS

Turn your passion for animals and the outdoors into a rewarding career. Wildlife Biology graduates are grounded in the fundamentals of natural science and prepared to enter graduate programs in fields such as biology (ecology & evolution, genetics, etc.), environmental science, and public health. Students are also prepared for careers in fields such as public policy, conservation, and science education.

eSports and Gaming Management, BS

If you're passionate about video games and the eSports scene and like the idea of a career that is versatile and expansive, then the eSports and Gaming Management degree is for you. From eSports teams to AAA studios to technology mega corporations, almost any career option you can imagine is available to you.

Keystone's eSports and Gaming Management degree, co-created with Unity Technologies, combines business fundamentals and gaming industry expertise, and offers flexibility, innovative engagement and industry-wide opportunities.

Hospitality Business Management, BS

Hospitality means business. Turn your passion for food, travel, and recreation planning into a successful career in one of the world's fastest growing and most dynamic industries. Prepare for limitless career opportunities in hotels and resorts, restaurants, meeting and event management, club management, agritourism, and convention and visitor centers, and other related fields.

Sport and Recreation Management, BS

Be part of a \$15 billion industry and prepare to be a leader in the business of sport and recreation.

- Develop skills in multiple aspects of the sport, recreation, and leisure industry.
- Gain leadership and management skills through event planning.
- Learn the business of recreation and sport including leading activities, facility management, program planning, ticket sales, event coordination, marketing and promotion, media, and public relations.

Sport Leadership and Management, MS

Students will analyze complex problems, help solve current issues for sports organizations, and collaborate to find creative solutions. This master's degree in sport leadership and management is meant for anyone currently working in, or hoping to work in professional sports, collegiate or high school sports or intramurals, as well as those in the public and non-profit recreation sectors. Incoming students may have an undergraduate degree in any subject area.

Minor Fields of Study

Keystone College offers undergraduate minors in **Event Planning, Management, and Sport and Recreation Management**
